Release: Immediate

Billy Armstrong Gives Tobermore Concrete's New Flag Plant the Thumbs Up

Mid Ulster MLA Billy Armstrong has visited the manufacturing facilities at Tobermore Concrete and was very impressed by the new flag plant.

Mr Armstrong said;

“I was very impressed with Tobermore Concrete’s new manufacturing facilities. This is a prime example of a Mid-Ulster success story, a local company utilising local products and providing much needed employment in an area blighted by the Recession which has been particularly hard on the local Manufacturing industry.

Tobermore Concrete have a deserved and hard-won reputation for producing excellent products and with this new machine in place I am confident that they are well placed to cope with future demands.”

Billy was accompanied on his visit by the Conservatives and Unionists Candidate for the forthcoming Westminster election, Mrs Sandra Overend.

Sandra said, “Tobermore Concrete must be congratulated on their innovation, their success to date and impressively, their commitment to Mid-Ulster. This is a great illustration of home industry supporting locals. That is, a success Mid-ulster business providing much needed employment to the local people as well as by supporting other local businesses as they source products locally.”

“Mid-Ulster has many such companies, and I am particularly pleased to be given the opportunity to visit and hear the concerns of many business owners this time.”
